> Profile

Junior IT Technician with over **3 years of experience** in Network Engineering, IT Solutions, Helpdesk Support, and Graphic Design. Successfully designed and managed a college server and network infrastructure. Contracted through Khuphula Solutions for various companies, delivering network setups, installations, and technical support that enhanced operational efficiency and user experience. Proficient in **CompTIA A+, Network+, Helpdesk services**, and skilled in Web Hosting (cPanel), Ethical Hacking, and Cybersecurity. Currently working as a **Systems Developer** at Jenny Internet, building automation workflows, Chrome extensions, and internal tools. Brings a strong problem-solving mindset, a passion for continuous improvement, and a commitment to supporting users and teams effectively.
